

HOP!

TECHNICAL RIDER

Creation 2011

Hop! the show that make broomsticks sing, bins dance and the audience laugh. The Daily routine of four road sweepers.

Street theater performance
Can also perform inside

- 45 min
- 4 performers / 1 stage manager on tour
- Food requirements : 1 vegetarian and 1 without cheese.

Toured :

- 4 garbage cans, dimensions/can:
340 liters / 22,5kg
85cm/33.5 inches long
62,5cm/24.6 inches wide
109,5cm/43.11 inches high
- 5 brooms,
- 8 road cones,
- 1 megaphone
- 4 pvc tubes with a concrete base
- 1 toolbox

Required :

- Concrete, asphalt, wooden or paved floor (No sand, no gravel, no grass that would not let the brooms sing and the bins roll).
- Performance area: 8m X 8m (8m=26.25 feet)
- Since we do not use microphones, a place not too noisy and a wall at the back of the scene would be preferred.
- If possible, please provide carpets and/or bleachers for the audience to sit. We can have our own ones if you want.
- We also need a dressing room near the performance place with a mirror, toilet, drinks and some delicacies.

In case of air transport:

You can provide us garbage cans.

The cans can be piled up and all the equipment fits inside (not including the 5 brooms).

Total dimensions: 115cm/45.2 inches long x 65cm/25.6 inches wide x 170cm/67 inches high

Weight: 140 kg/308lb
